

Civil and Environmental Engineering | Italy Fieldwork Application

Criteria: Applicants must be committed to:

1. Applying for UROP funding by Thursday, April 13, 2017
and
2. Enrolling in 1.057 Heritage Science and Technology in Fall 2017

Process: Fill out the form below, write a one-page statement of interest, and submit your CV and grade report, along with one PPT slide that “introduces” you to the review committee. Submit all documents (form, statement, CV, grades and PPT slide) to the CEE Academic Programs Office at cee-apo@mit.edu by **Monday, March 20, 2017**.

Open to all MIT students, with preference will be given to rising sophomores and Course 1 students.

Admission: Decisions about applications for summer research fieldwork will be approved by March 24. Should you be admitted your next step will be to submit a UROP request for direct funding by April 13, with research proposal.

Funding: Support will be provided by CEE and UROP Direct Funding. UROP Direct Funding is available towards hourly research wages (\$11.50/hr.) and round-trip airfare, not to exceed a combined total of \$5,520 for the summer. Lodging and meals will be provided.
